METRIC

FAITHFULNESS

SCORE

0.0000

VERDICT

NOT_FAITHFUL

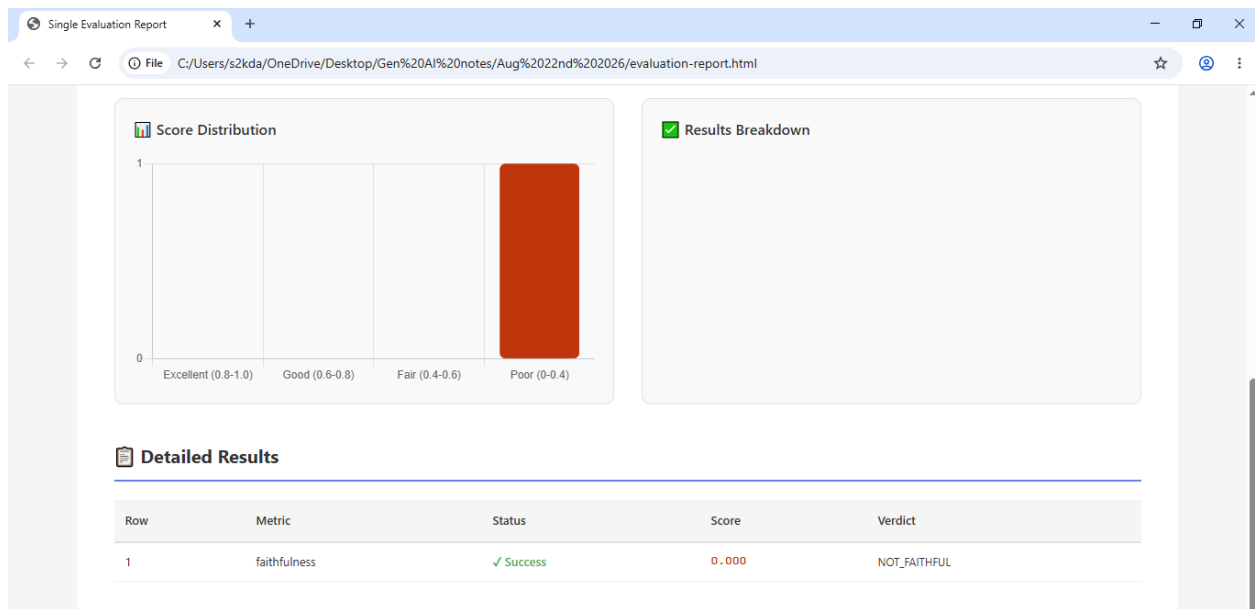

EXPLANATION

The score is 0.00 because the actual output claimed completely free returns on all items, contradicting the context which states UrbanCart Plus members incur a \$40 pickup fee for furniture and large appliances.

CLAIM-LEVEL BREAKDOWN (1 CLAIM)

0 supported1 contradicted0 ambiguous

CLAIM	VERDICT	REASON
Yes, UrbanCart Plus members get completely free returns on every item, including furniture and large appliances.	NO	The context states that UrbanCart Plus members receive free return shipping on all items except furniture and large appliances, which incur a \$40 pickup fee, contradicting the claim that they get completely free returns on every item including those categories.

METRIC

CONTEXTUAL PRECISION

SCORE

1.0000

VERDICT

HIGH_PRECISION

EXPLANATION

The score is 1.00 because the first two nodes (rank 1 and 2) provide relevant details – "subscription boxes can be cancelled from Account > Subscriptions > Cancel" and "cancellation takes effect at the end of the current billing cycle" – and the only irrelevant node (rank 3) merely lists product categories, so all useful info is ranked higher. Great job!

EVALUATION INPUT

Query:
How do I cancel a subscription box order?

Retrieved Context:
Subscription boxes can be cancelled anytime from Account > Subscriptions > Cancel
Cancellation takes effect at the end of the current billing cycle; no partial refunds are issued.
UrbanCart offers subscription boxes in 6 product categories.

Query/User Input *

What's the maximum weight for standard shipping on UrbanCart?

Expected Output * (Required For Contextual Precision And Contextual Recall Metrics)

.Up to 50 lbs for standard shipping; heavier items need freight shipping.

Retrieval From RAG Or From Document *

UrbanCart was founded in 2011

UrbanCart's headquarters is in Seattle, WA.

Standard shipping covers packages up to 50 lbs; items over 50 lbs require freight shipping.

Response

HTML Report Excel Report

2,296 tokens 1,376 in 920 out \$0.0015

METRIC	SCORE	VERDICT
CONTEXTUAL PRECISION	0.3333	LOW_PRECISION

EXPLANATION

The score is 0.33 because the only relevant node appears at rank 3, while two irrelevant nodes dominate ranks 1 and 2. The first node's reason – "The text only states 'UrbanCart was founded in 2011', which does not address shipping weight limits." – and the second node's reason – "The text mentions 'UrbanCart's headquarters is in Seattle, WA', which is unrelated to shipping weight information." – are both unrelated and thus should be ranked lower than the third node's reason – "It explicitly says 'Standard shipping covers packages up to 50 lbs; items over 50 lbs require freight shipping.', which directly provides the needed answer." – resulting in the observed contextual precision.

EVALUATION INPUT

Query:
What's the maximum weight for standard shipping on UrbanCart?

Retrieved Context:
UrbanCart was founded in 2011
UrbanCart's headquarters is in Seattle, WA.
